

Let's Connect

“There’s a special bond between survivors and this is the very essence of the mentor/mentee relationship.”

Alight Guide Breast Cancer Peer Mentors

A team of survivor volunteers offering comfort and personal attention just for **YOU** as you navigate the breast cancer journey. Ask your nurse navigator, physician, social worker, chaplain or just call us and we'll connect you to a survivor based on your diagnosis and treatment plan.

You're not alone on this journey, we are here for you!

For more information on the Peer Mentoring Program
call 336-832-0027 or visit us online at www.alightfoundation.org
